

**Meet the elite  
collectors, curators,  
critics, dealers and artists  
of the contemporary  
fiber art world  
through membership in**

Most Friends of Fiber Art International programs are designed to inform and inspire potential collectors by including privileged visits to art collectors' homes. These are usually concurrent with with important contemporary fiber art shows and events, such as:

**Expositions** that serve collectors like SOFA Chicago held annually in November. Artist Friends speak at two SOFA programs on Friday morning. A special event is often scheduled at a Chicago gallery or museum on Saturday morning. Our annual Sunday bus tour takes members to a private collection, any fiber shows in town, a possible architecture visit, lunch and airport drop off.

**Serial exhibitions** such as: QUILT NATIONAL (next 2009) and the INTERNATIONAL TRIENNIAL OF TAPESTRY (next 2010) in Poland which surveys the state of fiber art around the world.

**Textile organization** conferences presented by artist organizations like ATA, HGA, NBO, SAQA, SDA, SPIN and the Textile Society of America which serves curators and scholars.

Friends' programs are listed on our Web site in the WHEN section.
